Carlstadt, NJ 07072

Dear Doug:

You have inquired as to whether there will be local road restrictions imposed on February 2, 2014 for the Super Bowl game being held that day. Please be advised that there will be no restrictions on roads outside the actual MetLife Sports Complex. Individuals arriving via Exit 16W will be able to travel the Service Road to the Route 120 flyover to access Redds. Cars traveling on other local roads i.e. Route 17, etc. will also be able to access Redds as they would for any other NFL game. Vehicles (cars and buses) entering the MetLife Sports Complex will be required to have Super Bowl game day parking passes.

I hope this satisfactorily answers any questions you may have.

Sincerely,

A handwritten signature in blue ink, appearing to read "Wayne", is written over the typed name.
